

What are patients saying about Physician's Home Visits and its partner Greener Pastures:

- I prayed for a change. I did not know how or who it would be and I feel my prayers were answered. I like the way I am being taking care of. My nurse practitioners are very nice. I can ask about something I need to know and I get an answer. Thank God for Dr. Henry Tripp. Thank you all.

- The family of Grace O’Connell wanted to thank Greener Pastures for Seniors for the services that were provided for the care of our mother. Greener Pastures was there when we needed to find alternate care while mom was at Brighten Gardens. Greener Pastures has been a great help and comfort to the health care and well being of our mother. Thank you for all the diligent work that was involved in finding another physician when Lebauer Healthcare “retired”. With mom’s move to a skilled care facility, we learned that Greener Pastures would not be going with us to the facility, we were disappointed but we are happy with the move and quality of care mom is receiving. Thank you again for you organization and all it does for the seniors in this area.
